Hi Don,

Paul is with the Cross Fit gym on Manchester near truxton. I asked, but he has not provided his phone # yet, but sharing this info in case you'd like to stop by or reach out via email re: no overnight parking signs on manchester.

Thanks Don

Thank you for the information, Paul. We understand your concern.

I have copied my colleague, Anna Kozma, Field Deputy in Westchester for the Councilmember. She will respond to you accordingly.

Hi Nancy,

Thanks for your help with this matter. I actually have another questions that is somewhat related.

The no parking 10pm - 6am signs went up recently. I assume this was to prevent the motorhomes parking overnight. However, I run a gym and we have both staff and clients training sometimes until 11pm. Some of these folks are young women, and they typically park on the street right out in front of the gym so the walk to their car is very short and I can keep an eye on them. The building next door is a liquor store and there are lots of drunks and drugged-out homeless guys hanging around all the time.

On Friday night, several of my staff, clients and I all received parking tickets for being parked in front of the gym at 10:30pm. This was the first time we'd ever seen parking enforcement that late.

But, we all learned our lesson and will not be parking on the street after 10pm. The problem is that now my clients and employees have to walk a longer distance to the parking lot in back, past an alley where these homeless guys set up shop late at night. I don't feel very safe letting them make this trip alone.

I'm wondering if there is anyway to get the signs on the 6200 block of Manchester changed to say 12am - 6am? This would solve my problem and allow my female clients and staff park close and feel safer going to and from the business.

Thanks for your help!

I'm so sorry, Paul. Did you call dispatch and report them? [213-485-4184](tel:213-485-4184).

I will ask parking enforcement to monitor the no parking from 10pm to 6am signs. What stretch is this, however? On the 6200 block the posted signs are 1HR parking starting at 8am, correct? So if they leave at 9am then they're not in violation.

I called the company and asked if they can park somewhere else along Manchester in general. I spoke to a Michele and she said she will let the managers there know. I'm not sure if this will work, but nonetheless, I asked.

Also, please note that the Councilmember is working on changing the where these freight trucks park. You can find information [here](#). I don't know what the status is, but I can ask my colleague, Paul Backstrom, who is working on this.

Nancy,

Today was the worst it has been. I arrived at my business at 5:30am and the entire block of Manchester from Truxton to Sepulveda was bumper to bumper construction trucks. They lined both sides of the street taking up all the street parking for the local business on Manchester. The drivers had been there since 4am and were all sleeping inside the trucks. They stayed there until 9am!!! The posted signs say no parking from 10pm - 6am AND

1 hour parking. These trucks were violating both parking restrictions.

Apparently they are headed to a construction site on La Tijera near the 405.

The company in charge is Cal Earth - [\(714\) 447-3478](tel:(714)447-3478)

Please help me get rid of these guys. My customers are pissed off and so am I.

Yes! The posted signs say 1hr parking. They stage trucks there from 6am - 8am or later.

The company is called California Earth Transport. Or at least that's what the foreman told me when I talked to him this morning.

They literally take all the street parking for about 10+ businesses on Manchester between Truxton and Sepulveda.

Hi Paul: Thanks so much for the email below. I apologize for the delay in responding to you.

Are there any posted sign restrictions on Manchester that they're violating (i.e. 2HR parking or parking on a red curb)?

Parking enforcement can only enforce whatever posted sign restriction is there. Are they from a specific company? If they are, let me know and I will reach out to them directly.

Also, this is a priority for the Councilmember. It's part of his parking reform plan. You can read about it [here](#). I will let him know that we continue to receive concerns from residents about this specific issue.

I will wait to hear back from you. Thanks.

Nancy

"Hi, I'm writing for the second time. I own a business on Manchester and Truxton in Westchester. Every morning from 5:30am - 8am the entire block from Truxton to Sepulveda is filled with massive trucks I'm assuming are headed to the new stadium in Inglewood. They take up all the parking for my customers. The drivers sleep inside and then sit there and idle their big rigs filling my shop up with fumes. The residents of Inglewood kicked these guys out. Please help me get rid of them so my customers don't have to park three blocks away and breath in fumes while they frequent my business. "
